**OUR HISTORY, YOUR STORY, YOUR AWARDS AND YOUR MEMBERSHIPS IN THE EAGLE SAR CHAPTER, IS YOUR HISTORY –**  
Histories are not ours. They belong partly to those who created them and partly to the generations of people who follow us. **Somewhere in time, events, people and wars, from the past ultimately moves forward toward into the present and into the future, but to be ignorant of what occurred before we are born is always to remain as children, ignorant, for what is worth current fabric , unless it is woven from the learning of the past by records of history, or else the foundation and roots are lost, and the present may be without protection and the future become vulnerable to errors, , mistakes, reversals, repetition of failures, skips from success, loss of understandings and wisdom. History is protection against repeating failures of the past and losses of information, practices, and findings, for future successes . History is prologue to the future. The farther back we investigate into the past, the further forward you may see into the future. Having history in your understanding is like having wind at your back as you move toward the future. Back to the Future of and its earlier Historical Similtudes provides a Facinating Story of Historical Forerunners. History begins with a Creation from Early forerunners foward to the Present and toward the Future. The Development of history acknowledges early historical Similitudes toward the Present Condition and forward to the Future.To acknowledge history consists observing an on-going series of**

**Resurrection of a Non Culturable Culture in a Reversible Inhibition of a fading American Revolution and its Purpose in a significant changing culture, is the question with a rising reality that, in part, wants to separate itself from the Constitution, yet which is willing to give special sanctuary and citizenship rights to non citizens. What's it all about? unable to develop in a standardized culture. If we are draftable, are they? Do they have to meet the same security clearances as we? If we pay social security taxes, do they? If we pay income tax, do they? If we vote, do they? If we pledge allegiance to the United States, do they? Everything changes, but real (legal-background ) history must remain the same. If the more things change, then the more it must remain the same. If you do not know about what the past was before you were born, you remain a child, separate and remain uneducated and uninvolved. Remembrance : remember all the Wars and Social Changes that have created this country. Fly your American Flag; participate in parades, patriotic activities and events. And Do not Forget -remember the American Revolution, and the Consiitution. There is more to the Universe than just our ways. When will all people's good, for each person's rule, be like a shaft of light, across this universe and our consciousness? When we are free and fulfill our citizenship, under our covenant to the Constitution of the United States.**

Factual History is disappearing, as books, cultures, demographics, education, generations, memories, religions, traditions and purposes, and times are changing.

To save American Revolution history, **The Society of Cincinnati**, the oldest American Veterans and Patriot organization, has implemented the **American Revolution institute**, which is open to both men and women, to all Americans to save American Revolutionary History against those who would want to take down statutes, names of roads, schools, towns, images on American bills, etc. of American Patriots from the Revolutionary War.

**MINUTES OF A REGULAR MEETING HELD ON**  
**Saturday, June 2, 2018**

The regular meeting of the Eagle Chapter was held on June 2, 2018 at the Pala Mesa Resort in Fallbrook, California with 23 members and guests present.

Chaplain Wayne Rogers gave the invocation. Attendees recited the Pledge of Allegiance to the American Flag and the SAR Pledge. No uniforms were worn to the meeting.

All were welcomed by the President John Huegel, who then recessed the meeting for breakfast.

When the meeting reconvened, the President called for introductions by each member of himself, his Revolutionary patriot and his guest at the meeting.

The President reminded everyone of the Silent Auction for the donated items. He then recognized Helen Murphy Frederick for the excellent presentation she had given on the Hewick Plantation by presenting her with a bouquet.

The minutes of the previous meeting were approved.

**Other Officer Reports:**

Treasurer Bob Martin reported the bank account balance is \$3,383.76 at the end of the month after deposits and expenses.

Vice President Wayne Rogers reported the end of the annual competition of the newsletter had occurred. He had included in the newsletter the passing of

member Benjamin Hall, and that he, Keblmans and Bishops had attended the viewing prior to the funeral. Wayne also reported on the Memorial Day ceremony at Riverside National Cemetery.

Wayne also reported on the Eagle Scout presentations he had made; he stated he would like to give a Good Citizenship Award for a retiring Marine.

Registrar Bruce Plummer reported the chapter had a new member, John Murphy.

He reported on the progress other prospective members were making on their applications for membership.

The marriage of Helen Murphy and Bill Frederick was announced and they were presented a card of good wishes from the Chapter, along with a bouquet of white roses.

New member John Murphy was installed by President John Huegel and Registrar Bruce Plummer, presenting the SAR Rosette.

Steve Wright introduced guest Judith Brooks who works with a C.A.R. Chapter. She would like to see Eagle Chapter interact with the members of the C.A.R. Chapter to encourage their participation in various projects. It was decided the Eagle Chapter newsletter would be sent to Judith Brooks so the C.A.R. Chapter could see what activities they might be interested in participating.

The President presented the SAR Flag Certificate to the Pala Mesa Resort, represented by Managers Rogelio Morales and Julia Cort.

NSDAR Monserate Chapter – Carol Anderson reported the Chapter had put together a book of the many activities in which the Chapter had participated and she brought the book to the meeting to be shown.

Luiseño Chapter – Fay Bishop reported the Chapter would be giving a special award to an entry in the July 4<sup>th</sup> parade; her Chapter would not be having an entry but the City had agreed to have the SAR Color Guard lead the parade. Wayne Rogers was informed so that he would have the opportunity to put a Color Guard together

When David Ott was asked about the Chapter's website, they looked at it in detail about what it includes and should include, more specifically, the calendar of events and how they think it should look. David stated new member John Murphy had been assisting him and he was grateful. The discussion lasted some time and it was decided it was important to get it worked out, so David Ott will give his program on the Boston Tea Party at the next meeting.

Prior to this discussion, David Ott answered questions about firearms that had been posed to him when he gave the first program on firearms.

There will not be a formal meeting in July since several members would be participating in parades and other patriotic events.

The SAR Recessional was recited by the attendees and Chaplain Wayne Rogers gave the benediction.

The President adjourned the meeting.

Respectfully submitted,

Bill Bishop, Secretary

## 4th of July Parade – Temecula, California

Eagle Chapter did not get any assistance from the City as agreed to Luiseno DAR, but but instead the chapter was given position 58 at the end of the parade. Wayne Rogers was informed so that he would have the opportunity to put a Color Guard together and lead the parade. This did not happen. Neither the Red, White, and the Blue nor the Luiseno Trail CARs did not provide any youth or leader to the Eagle Chapter; further , the Eagle Chapter Color Guard only had two SAR members, and Wayne's son and daughter carried its banner, other color guard members were absent because of three traveling , two moving and a lack of available color guard coat(s) . Tanya Gillack suggested that we not participate in the parade without participants.

With Wayne's over the 10 years participation with the Luiseno DAR Chapter, as Riverside and Eagle Chapter representatives, this is the least number of color guard members 'ever' participating.

## The Dual: Wayne Rogers and Jerry Sayre

Only Wayne Rogers and Jerry Sayre, past Chapter Presidents, were participating in the 4<sup>th</sup> of July Parade in Temecula, California, with Wayne's son and daughter carrying the Eagle Chapter Banner.

Photo of Wayne carrying both Musket and American Flag, just in case Jerry did not show up.

The Earliest American Bald Eagle is from the Society of the Cincinnati by Pierre L'Enfant. If the farther back in the past you can see and investigate, may you see the future. The future has no protection without the past. The future is unknowable, so the only hope is in the past. One natural law I have learned in science is "Anything *toxic in small dose is stimulatory*", but general warning is that too much dose, it will become toxic. In Democracy, *everything must be what its own Qualities determine.*, unless it leads to harm. If we were to allow Turkeys to be described within Eagles, this also would be wrong

-The Cincinnati Eagle

-On June 19, 1783, the General Society of the Cincinnati adopted the Bald Eagle as its insignia. This date was one day short of the one year after Congress had adopted the Eagle as the seal of the United States. But, the suggestion of the "Bald" Eagle as the Cincinnati insignia was made by Major Pierre L'Enfant, a French officer who joined the American Army in 1777, served in the Corps of Engineers, and later become a member of the Society, and laid out Washington, DC. He noted, in making his suggestion: "*The Bald Eagle, which is peculiar to this continent, and is distinguished from those of other climes by its white head and tail,*

*appears to me to deserve attention."* In 1784, Major L'Enfant was commissioned to design the eagle.
