**YOUR HISTORY, YOUR STORY, YOUR AWARDS AND

**A Newsletter for the Eagle SAR Chapter of the CA. State

As Churchill once said, the farther back you can look in the past, the farther roward you may see into the future .

Per Winston Churchill, “ *Of this I am certain if we open a quarrel between the past and the present, we shall find that we have lost the future*’ 1940.

At "Dunkirk" “We shall not flag or fail. We shall go on to the end. We shall fight in France, we shall fight on the seas and oceans, we shall fight with growing confidence and growing strength in the air, we shall defend our island, whatever the cost may be, we shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender.” — Winston S. Churchill

Boy Scouts of America

Thanks Frank for his active participation in the Boy Scouts of America. It is undergoing significant changes, similar to those taken in the Military over the past few years. Every troop must be what its own qualities determine, just as there have been differences

between the Marines and the other branches of the service. . Years come and years go but still the had of memories weave since scouting began. Two of my grandsons have received their Eagle Awards. The second one probably just recently got into the 2% UCLA spacecraft engineering program because of his Eagle Award. The eldest grandson recently indicated how great the boy scout program had been for him in his early boy hood years While he completed his Eagle at 14 years of age he waited another two years until his friend completed his for their court of honor. He had a *live Eagle* at his Court of Honor and I came out of state in my revolution uniform to present him our SAR Eagle Certificate to him. When I received my Eagle Award over 50 years ago, it was from the surviving World War II Veterans (many who were descendants of Italian salt miners) in our local community in the American Legion, who supported the Boy Scouts of America, then. Our Scoutmaster, a Survivor of the World War II Battle of the Bulge, created the best boy scout troop in Western New York. He taught deaf and dumb children(called at that time) because his mother could not hear; but his Sergeant's yell no one could mistake. He and his wife and children all died in a tragic automobile accident. We had an outstanding Indian Dance Team connected to the Iroquis Indians of Western New York. We learned Indian history and its significance. As Churchill oce said, *the farther back you can look in the past, the farther roward you may see into the future* . What was, will be, and what will be, will be. History is the Creation from Early Simulitudes forward toward the Evolution into the Future; which is what will be the future (of Boy Scouts be),

THE OLD HOMESTEAD WHERE I WAYNE ROGERS EARNED MANY OF MY MERIT BADGES FOR HIS EAGLE RANK OVER 50 YEARS AGO. BUILT ON LAND THAT MY GREAT GREAT AND GREAT GREAT AND GREAT GRAND FATHER RESIDED.. THIS WAS KNOWN AS RURAL REST AFTER MY GREAT GRAND FATHER SAID THE PRAYER BETWEEN THE NORTH AND SOUTH TROOPS AT APPROMATAX COURT HOUSE YEARS COME AND YEARS GO, STILL THE HAND OF MEMORIES WEAVI E ON IT I LEARNED TO HUNT AND SHOOT WITH BOW AND ARROW AND 10 GUAGEDOUBLE DAMCUS BARRE SHOT GUN AND 222 RIFLE,LATER IN THE MILITARY I QUALIFIED AS MARKSMAN, BUT I JUST WANTED TO COME HOME, TO READ AND LIVE THOREAU'S **WALDEN POND**,. **BACK THEN MY 2ND ENGLISH PROESSOR SAID I WAS A NATURAL WRITER .**

Luckily for me, the older farm house next to this RURAL REST had a *Family Register* of my great great grandfather's family My great great great grand father had been a war of 1812 militia man

Joining the SAR I found I had his father as a soldier of the Revolutionary War, in New Hampshire He was known as a great hunter in. Marlboro NH, his tombstone says he is the 12 th generation from John "Rogers the Martyr. A painting of him in Harvard University indicates he looks Jewish. -When I did my Y DNA test I learned I am Jewish on the male line, with lost tribe of Levite orgin. My goal in the SAR is to get 32 proven patriots to match the approximate numbe of merit badges I earned in scouting mostly while residing in the old rural rest farm house above.

CASSAR EAGLE CHAPTER
MINUTES OF A REGULAR MEETING HELD ON
Saturday, 7 October 2017

The regular meeting of the CASSAR Eagle Chapter was held on Saturday, 7 October 2017 at The Pala Mesa Resort with 23 attendees. Those members attending in uniform: President Frank Kebelman and Vice President Wayne Rogers were in American Revolution uniform, and the Boy Scout leader John Roe with the three members of Troop 309 of course were in their Boy Scout Uniform.

President Kebelman welcomed everyone. Chaplain Wayne Rogers gave the invocation. The group recited the Pledge of Allegiance to the American Flag and the SAR Pledge.

After the breakfast recess, President Kebelman introduced the Boy Scout Troop Leader and each of the three troop members introduced himself and stated what Boy Scout training had meant to him. The SAR flag pin was pinned on the Scouts by President Kebelman, Wayne Rogers, Steve Wright and Ernie McCullough.

The previous meeting minutes were approved as printed in the Newsletter, which had been distributed to all members.

Officers Reports:

President Kebelman presented Anne Christy with a certificate of appreciation for her support of the Chapter and the help given to a new member. He also reported that he had been invited and attended the DAR Luiseño Chapter meeting and had learned a lot about DAR. Another event he announced was the CASSAR Council meeting in Irvine where Fay Bishop and Tom Axline would be receiving awards.

The President stated we were glad to have the Leader and Boy Scouts visit, and glad we have decided to sponsor them; they were a small troop but enthusiastic. He wants them to be in the Color Guard in the Murrieta Veterans Day parade. Fay Bishop will obtain the Application for the Eagle Chapter entry in the Murrieta parade.

Vice President Wayne Rogers reported further on the TVGS Open House to be held at the Civic Center on the following Monday night that had been mentioned by Steve Wright. Wayne stated the SAR would have an exhibit along with other groups, and everyone is invited to attend.

As Vice President of Programs, Wayne reported that John Huegel will be giving the program at the November meeting.

Vice President-Membership Eddie Morris reported on the Christmas Cards project idea that he and his wife Julia had created on behalf of the Chapter for Veterans in an Assisted Living Facility. It was agreed to be a great idea. Members were requested to bring in extra Christmas Cards and come early to the next meeting so the cards could be prepared for distribution.

Secretary Bill Bishop stated we need to get serious about collecting the dues, stating another notice will go out to those who haven't paid – mainly those who do not regularly attend meetings.

Treasurer Bob Martin reported the beginning bank balance was \$3,015.43 plus deposits of \$870 and less expenses of \$210, leaving an ending balance on

September 29 of \$3,685.43, some of which represents members' dues to be paid out to State and National.

Registrar Wayne Rogers gave update on prospective members with whom he has been working.

At this time, Frank Kebelman gave a most interesting power point program on the Logistics of the American Revolutionary War which complimented David Ott's program on the firearms used in the Revolution.

Old Business:

It was reported that the Resolution was passed at the National Congress to preserve Maxwell Field on the Princeton Battlefield

Pala Mesa Contract – Opened for discussion. Motion was made and passed unanimously to extend the contract on the room for 2018.

The President cautioned members about the importance of sending in an RSVP for the meetings since we ran short on food at this meeting.

Wayne Rogers gave the benediction, and the meeting was adjourned.

Respectfully submitted,

Bill Bishop, Secretary

An Important Email I message from our President Kebelman October 2018

I signed contract from Pala Mesa Resort, so we are set to hold our 2018 Eagle Chapter meetings there just as we have this year. PMR has treated us well and does a fine job meeting our needs. One thing I would request is that you inform the Chapter Secretary as soon as possible whether or not you will be attending the monthly chapter meeting as we must turn in the count on Tuesday the week prior to the Saturday meeting so the staff can prepare the correct amount of food. We need to do better in this area.

Second, Bob Martin has fought the good fight with the Franchise Tax Board this entire year and it now appears that he will be victorious in getting us approved without having to cough up a financial penalty. Please remind yourselves to thank Bob personally for all he has endured to get us through this gordian knot. You cannot imagine what a festering challenge this has been. Thanks, Bob!!!

Third, after careful consideration and with a view to future travel plans and family events, I must regretfully inform you that I will not be able to serve as Chapter President next year. I can continue to work the the Boy Scouts as I can do that in person, by email, phone call etc. I will also be available to march in the parades when Cookie and I are in town, but I will not be available on a regular enough basis to be an effective president. I will be happy to sit down with anyone who would like to take on this role and show them the ins and outs

and with most of the big issues solved your time as president should be much less tumultuous. *(I, Wayne can attest to how difficult it was to get the initial 501C approval through NSSAR, national and the state in trying to form this chapter, as well as trying to keep my own self business viable without interference from the Government IRS.. I was three times pres. of riverside chapter and there were huge challenges., and twice for Eagle Chapter. Note: in starting the Eagle chapter I did not have the help that now exists for the President- I wore several hats, including president and treasurer, and did not have a treasurer, nor funds for making presentations and did the first reconciliation report. I personally believe there may be more difficulties and regulations in the future. You should not consider taking this job unless you are willing to work through issues as they arise. But it is rewarding to be President of a SAR Chapter)*

Cookie and I will be departing in mid November and will return about mid December on a trip to Texas and Florida, so you have plenty of time to think about taking on the role of chapter president. For the most part it's a lot of fun and you certainly come away with a better understanding of how the NSSAR, CASSAR and chapters operate. Thank you all for your support of Eagle Chapter and all that we are doing to make the SAR known here in North San Diego and South Riverside. I hope to see all of you at our 4 November Eagle Chapter meeting. Warmest regards and Semper Fidelis,

Frank

THE EAGLE NEWSLETTER IS PUBLISHED MONTHLY AND IS VERY INFORMATIVE, AS FOLLOWS:

The American Revolution (1775-83) is also recognized as the American Revolutionary War and the United States. War of Independence. The conflict arose from growing tensions between residents of Great Britain's 13 North American colonies and the colonial government, which represented the British crown. Skirmishes between British troops and colonial militiamen in Lexington and Concord in April 1775 kicked off the armed conflict, and by the following summer, the rebels were waging a full-scale war for their independence. France entered the American Revolution on the side of the colonists in 1778, turning what had essentially been a civil war into an international conflict. After French assistance helped the Continental Army force the British surrender at Yorktown, Virginia, in 1781, the Americans had effectively won their independence, though fighting would not formally end until 1783.

Honor your patriots, submit some supplements!

Each Month I look forward to an article or bio from our members to input into our newsletter. While many of us have submitted articles about our ancestors in the revolutionary war, it is suggested, for a refresher to the Eagle, newsletter, that we begin submitting an article or bio about our parents (our mothers and fathers), who started us.

Many of them went through World War II. Let's remember in writing and publishing them before it is too late. Honor your mother and father by submitting an article of bio about them to Wayne Rogers: roger-wayne1@hotmail.com ; or 28482 Scenic Bay Cove Menifee, California 92585; or call me 951-795-8704.

Congratulations Helen for Bill's supplemental plan.

SAR continues to want good documentation: (e.g. Policy 5:202 says, Proof of names and dates and places of birth, death, and marriage for both spouses for each generation is requested and encouraged.

This information may be necessary to distinguish the ancestors from another person of the same or similar

For example. I have a Joseph DeForest born in Vermont without vital record link to Mills DeForest in

Vermont. Census before 1850 do not provide children or wives names On Line Registration: SAR.org

As chapter Registrar, I have been assigned Eagle Chapter Registrar permissions **on-line**

to view, edit, save and print all started applications that designate the Eagle Chapter, SAR.

After I login to the NSSAR Online System, on the left side of the computer screen, there is a "stacked paper" icon with the words "Chapter Dashboard" which I click. A new screen will display that shows five of the most recently saved Eagle Chapter applications and I can click the gray "View" button to the right of that list of applications to access any of those applications for viewing, editing and printing. Also, I can click on the "Applications" tab above the list of most currently saved Eagle Chapter applications and then click on "Regular," "Supplemental," "Junior" or "Memorial" lists of started Eagle applications, click the blue "Edit/View" button to the right of the application that you want to view, edit, save or print. Sometimes when I change from "Regular" to "Supplemental" or from "Regular" to "Junior" there are no applications displayed and to refresh the list of applications I need to click the "Chapter Dashboard" icon again and then click "Applications" and then click the category of Eagle applications that I want to view. Contact me if you need clarifications, on **how you too can get on line for new or supplemental applications.**

Our Associate Wesley Gene Gywn unfortunately passed away and was never to complete his application, He did however receive the 50th SAR anniversary medal for Vietnam Veterans.

Visit to Boston and The New England Historical Genealogical Society by Bruce Plummer

On August 20, 2017, Anne Christy and I flew to Boston, MA to do some genealogy research. Since our earlier genealogy search efforts had resulted in tracing my eligibility for membership in SAR, our primary goal this time, was to gather information and flesh out what little we knew about earlier generations of my Plummer family, particularly those generations from the formative years of the American colonies. To accomplish this goal, we spent two full days, August 22nd & 23rd, from opening to closing, at the New England Historical Genealogical Society Library (NEHGS). The NEHGS is the oldest (founded in 1845), the largest and the most respected genealogical society in the United States. The NEHGS building encompasses several floors each devoted to a specific type of historical data: microtext; manuscript reading rooms and local histories, as well as the provinces of Canada, including bound volumes of state genealogical society scholarly journals; referenced collections and compiled genealogies and rare books and an entire conservation library. In a nutshell, NEHGS offers the most comprehensive resources in the country for researching family history. "Many notable figures, including numerous presidents, have been elected members of NEHGS. An original member was John Quincy Adams, elected on February 20, 1845, just prior to the Society's incorporation. Others elected, by year, include: • 1845: John Singleton Copley, Baron Lyndhurst of Lyndhurst, Lord Chancellor, and son of the artist, • 1846: Boston mayors Harrison Gray Otis and Josiah Quincy, • 1847: Lewis Cass, Henry Clay, Albert Gallatin, Hannibal Hamlin, Washington Irving, and Daniel Webster, • 1859: John Tyler, • 1862: Horatio Alger and Sir John Bernard Burke of Burke's Peerage • 1863: Massachusetts governor John Albion Andrew • 1869: Ulysses S. Grant • 1877: Rutherford B. Hayes • 1884: Chester Alan Arthur and British Prime Minister William Gladstone • 1919: Albert I, King of the Belgians, Warren G. Harding, and Woodrow Wilson • 1921: Chief Justice Charles Evans Hughes, Herbert Hoover, and Elihu Root • 1933: industrialist Andrew Mellon • 1935: Grace Goodhue Coolidge • 1995: Justice Harry A. Blackmun, Rosalyn and Jimmy Carter, Julia Child, Bill Clinton, Betty and Gerald Ford, Henry Louis Gates, Jr., Charlton Heston, David McCullough, and Nancy and Ronald Reagan (1995) • 2009: Boston mayor Thomas M. Menino"

The NEHGS website www.AmericanAncestors is one of the most widely used online resources in the country. More than 15,000 members do research on the website every day and an additional 15,000 non-members visit daily. It features nearly 3,000 unique searchable databases containing information on over 113 million people. The extensive NEHGS Library catalog is also fully searchable on the Society's website. Upon our arrival at the headquarters building at 99-101 Newbury St., in Boston's Back Bay neighborhood, the scope of the vast collection of material was impressive. There were thousands of historical books, housed in wood paneled walls, in several rooms on several floors. There were over twenty computer

terminals able to bring up all manner of data from CD disks, and access to over 1.3 billion names from various data bases, as well as providing access to an online library catalog listing more than 200,000 books and other resources. After confirming our previously made appointment and providing an overview to two professional, staff genealogists of what we were looking for, within a few minutes, several worn, old, but readable books, with the appropriate pages bookmarked, appeared in a pile, beside us. With the help of these extremely knowledgeable professional genealogists, we were able to accomplish in two days, what otherwise, would've taken much longer. We were able to we cut costs by copying all the required pages from the copier directly to a thumb drive at no charge. After compiling all the material, we realized we had uncovered so much more than we had anticipated. The NEHGS genealogists suggested that because of my ancestor's history, I should apply for membership in two additional organizations: The Sons and Daughters of the First Settlers of Newbury, MA, since two of my ancestors (Francis Plummer and John Cheney) were part of the first 20 families that settled in Newbury, MA and because my earliest ancestor (Francis Plummer), was a tavern keeper in Newbury, MA, I'm eligible for membership in the Flagon and Trencher Society, who are descendants of Colonial Tavern Keepers. Based on genealogy records at NEHGS, Francis Plummer was the first Plummer to arrive (1635) in North America. (The History of Newbury, Newburyport and West Newbury from 1635 to 1845, by Joshua Coffin). Five of his descendants and bearing his name have been members of Congress. One of them, George, son of Jonathan, was the first white child born in Pennsylvania, west of the Allegheny Mountains. The same George was the first member of Congress sent from beyond the Allegheny Mountains. Branches of the family are said to be in every State in the Union, and in all the British provinces (Lineage of MR. FRANCIS PLUMER NEWBURY, MASSACHUSETTS 1635: the Plummer System of Genealogical Enumeration, by Alvin b. Plummer 1866). There are several tiers of membership in NEHGS starting with a Friend level at \$150.00 per year. For those wanting to delve even deeper into a family background, if your ancestor's came from, or settled in the New England area, NEHGS is a wonderful genealogy research tool and well worth a visit. Check out their website.

Abstracts of Mannheim Palatinate Records Translation by Louis Dubois, late of Yardley, PA Made in 1928

"In the year 1606, the Elector Frederick IV of the Palatinate, being an Evangelical Prince and foreseeing a religious war, built the fortified city of Mannheim at the confluence of the Neckar and Rhine Rivers. Soon after, on 1618, there broke out the devastating "Thirty Years War" and then the youthful fortress of Mannheim was taken and destroyed by the Bavarian General Tilly. The persecuted French Protestants were brotherly received in the German Evangelical Country, particularly in the Rhineland. The Walloons were likewise welcomed in Mannheim and allowed to establish their own French Evangelical community with their own clergymen. For a time, they were united with the German Evangelical Reformed Church, which union was made with the

understanding that services and Holy Communion should be held in the French language in the Spring and Autumn. The civil and church records of Mannheim do not go back beyond the year 1621, the date of the city's destruction. It is only at a later date that the records of the French Protestants are to be found inscribed by French clergymen in the German church book of records. The Name du Bois is found for the first time in 1653: LOUIS DU BOIS, bp. at Lille, parish church of Wisces, France , 10-21-1626 (sp. Jacques du Bois & Rogeau); . at Kingston, N.
